Comment. The trains probably carried KVP personnel transferred from TV 4000 to the newly activated Bereitschaft which includes KVP units at Oranienburg. Possdam, Homenstuecken, and possibly a KVP tank unit recently transferred from Eggesin to Berlin-Johannisthal. Loewenberg probably was not the final destination . •

	but only transit station between the Greifswald railroad district and the Berlin railroad district.
3.	Comment. These MVP trains probably carried units of the Macz
	Division Eggesin which were to be employed in Berlin or transferred to the
	KVP Bereitschaft Berlin. Deserters stated that the latter was a mechanized
	unit. According to other sources, entraining of KVP personnel was observed
	at Eggesin between 8 and 12 September 1953. Serlin-Zentralviehhof was said
	to be receiving station. 25X1A
	another source reported the arrival of three KVP trains at Berlin-Lichterfeld 25X1
	which is near the Zentralviethof. 25X1A
